

Campmaster Corps Weekend Programs

The Manatoc Scout Reservation's Campmaster Corps offers weekend programming (usually on Saturdays) during the winter camping season with specific details available at Friday night Check-in. Programs last between 30 minutes and two hours with a varied format that may include a guest speaker, demonstration, competition, show-n-do, scouting skills, movie, scavenger hunt, hike or a display/museum tour.

Unit leaders are encouraged to plan your unit's weekend programming around ours and let us share our expertise and skills with your Scouts. See you at camp!
